

Accessibility Pledge

As a candidate for elective office, I pledge to uphold the following principles in my campaign:

1. I will hold campaign events in accessible venues when possible.
2. When this is not possible (for example, in the case of a private home) I will ensure that the person publicizing the event or issuing invitations to the event will consult with someone knowledgeable about accessibility issues (e.g. the chair of the Kitsap County Accessible Communities Advisory Committee or the chair of the Washington State Democrats Disabilities Issues Caucus (WSDDIC) to see if there are ways that the event location can be easily made more accessible (e.g. by borrowing a portable ramp).
3. I will also ensure that accessibility information is included in announcements of and invitations to campaign events to increase access and avoid embarrassing members of the disability community.
4. I will make sure that my campaign staff is aware of this pledge and my intention to uphold it.

Candidate's Name _____

Elective Office _____ District/Position _____

Yes, I agree to uphold the "Accessibility Pledge" in my campaign.
